

# EXECUTIVE ROUND TABLE

22 JANUARY 2026

*This exclusive, executive-level Round Table is designed for senior leaders in Ethics, Risk, and Compliance. Participants will engage directly with a high-level Expert Board to align EMEA and APAC strategies, analyze real-world complex scenarios, and define the definitive top 5 priorities for 2026. This is an active discussion forum, not a passive presentation.*

*Agenda Overview (180 minutes)*

Start time	Duration	Section Title	Description & Key Topics
9:00 AM	15 mins	<b>I. The 2026 Compass: Setting the Geopolitical &amp; Regulatory Context</b>	<b>Welcome &amp; Executive Keynote</b> The expert board frames the core challenge: navigating simultaneous shifts in geopolitical sanctions, mandatory AI governance, and new environmental (ESG) accountability. Focus on the necessary pivot from risk mitigation to strategic resilience.
9:15 AM	45 mins	<b>II. Strategic Alignment: The Two-Speed Compliance Model</b>	<b>Expert Panel Discussion &amp; Interactive Polling</b> A deep dive into regulatory friction and convergence points: <b>EMEA's Mandates</b> (NIS 2 Directive, ESG/CSDDD) vs. <b>APAC's Focus Areas</b> (Cross-Border Data Transfer, Localization). Where can global policies converge, and where must regional strategies diverge?
10:00 AM	15 mins	<b>A Break &amp; Insight Leaderboard</b>	<b>Facilitated break.</b> Live display of top executive concerns based on real-time polling data from Section II.
10:15 AM	60 mins	<b>III. The Priority Forge: Live Crisis Case Study Analysis</b>	<b>Moderated Breakout Sessions</b> Participants engage in a high-intensity, multi-jurisdictional crisis simulation. The case study links failure points across <b>Whistleblowing, AI misuse, NIS 2 cyber supply chain</b> breaches, and <b>Sanctions</b> evasion. The goal is to define the required strategic responses for 2026 funding.
11:15 AM	30 mins	<b>IV. Synthesis &amp; Commitment: Defining the 5 Priorities</b>	<b>Plenary Review &amp; Expert Synthesis</b> The Expert Board debates and refines the strategic responses generated by the tables. Consensus is forged on the final, actionable list of <b>Top 5 Compliance Priorities for 2026</b> for a multinational firm operating across EMEA and APAC.
11:45 PM	15 mins	<b>V. Actionable Takeaways &amp; Next Steps</b>	<b>Closing Remarks</b> Each expert provides a single, high-impact action item to be implemented immediately. Announcement of the formal, executive-grade post-event materials delivered to all attendees.

# *Key Discussion Focus Areas*

- **AI Governance:** Moving from ethical principles to mandatory compliance with the EU AI Act.
- **ESG & Supply Chain:** Implementing mandatory due diligence under CSDDD and managing supplier liability.
- **Cyber & NIS 2:** Operationalizing the enhanced security and mandatory reporting requirements of the NIS 2 Directive.
- **Cross-Border Data:** Navigating the severe compliance friction caused by data localization and sovereignty laws (e.g., China PIPL).
- **Geopolitical Risk:** Enhancing third-party diligence to prevent Sanctions evasion and circumvention.
- **Investigations:** Ensuring robust, protected Whistleblowing channels and managing multi-jurisdictional investigation challenges.
